

ABOUT US

Ionic Air Care was founded in 2020 with the sole purpose of developing the highest performance and highest airflow ground use dual polar ion generators on the market. With the advent of the i3350G and i3700G, we have accomplished that goal.

Dual polar ionization is a proven technology to combat pathogens such as bacteria, viruses (including Covid-19), mold, odors, smoke, and volatile organic compounds (VOC's) like jet fuel, engine oil, and hydraulic fluid.

We encourage all aircraft crews and passengers to give our ground use systems careful consideration, for use in hotel rooms, meeting spaces, and aircraft interiors that don't yet have an aircraft system installed.

DUAL POWER ION GENERATOR/BLOWER

The Ionic Air Care ground units purify ambient air and surfaces within aircraft interiors where an integrated ionization system has not yet been installed.

Contact us for more information.

i3350G

ION GENERATOR: 350M (175M Neg + 175M Pos)

MOTOR: 1/4 HP - Speeds 3

AIRFLOW: Up to 900 CFM

VOLTAGE: 115V / 60Hz

CURRENT DRAW: Max 2.1A

WEIGHT: 13.5 Lbs

SIZE: (LxWxH) 14" x 13.5" x 13"

POWER CORD 10 Ft 14 AWG

WARRANTY 2 Years

i3700G

ION GENERATOR: 700M (350M Neg + 350M Pos)

MOTOR: 1/2 HP - Speeds 2

AIRFLOW: Up to 2800 CFM

VOLTAGE: 115V / 60Hz

CURRENT DRAW: Max 4.5A

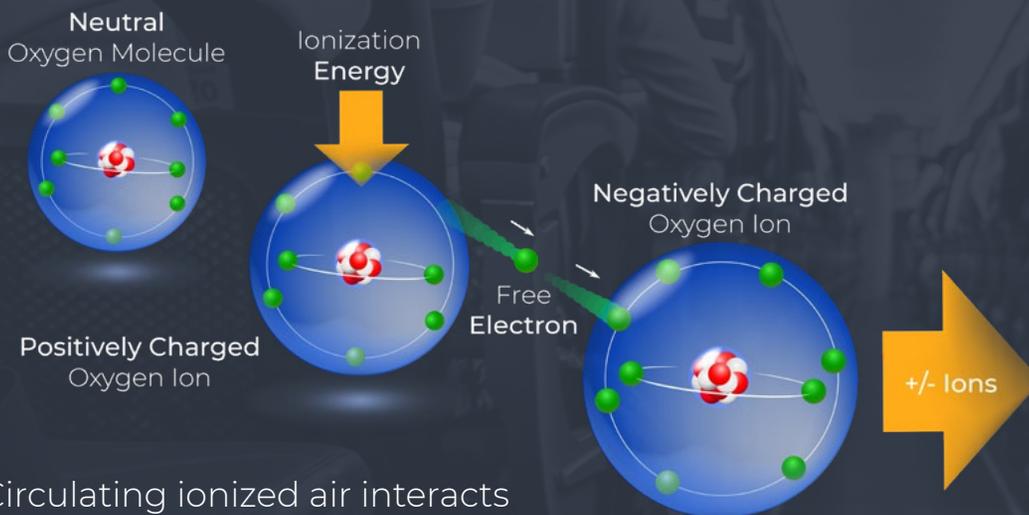

WEIGHT: 26 Lbs

SIZE: 17.5" x 15" x 14"

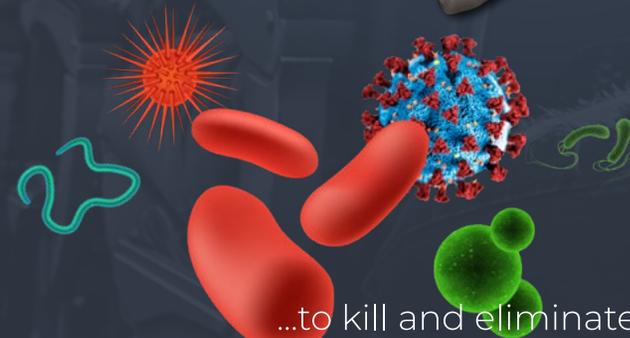

POWER CORD 25 Ft 16 AWG

WARRANTY 2 Years

WHAT IS IONIZATION?

Circulating ionized air interacts with oppositely charged elements...

...to kill and eliminate both airborne & surface pathogens
